My husband and I found Quantum Biohack while researching MSC stem cell options online. After speaking with Dr. Carlos, we felt confident moving forward. Traveling from Europe (Bosnia and Herzegovina), we were initially a bit skeptical, but everything exceeded our expectations. The team helped organize our hotel, airport pickup, and provided 24/7 concierge support, making the entire experience smooth and stress-free. Highly recommended.

Before I went in, I was feeling exhausted all the time and had basically no energy. I'm also a pretty anxious person, especially with anything medical, but the doctor made me feel comfortable right away. He explained everything clearly and talked me through the whole process, which really helped. I did the NAD+ and Vitamin B drip and honestly felt a difference almost immediately, and even in the days after I felt amazing. I'd genuinely recommend this to any of my friends or family.

My experience at Quantum Biohack with a MSC stem cell therapy was absolutely phenomenal. From the moment I arrived at the clinic, the staff was incredibly friendly and welcoming. They explained everything in great detail, which made me feel very comfortable during the procedure. Their professionalism and dedication are noteworthy. Highly recommended!

Loved it! I did the NAD+ and Vitamin B Complex drip and felt amazing afterward. The doctor was super knowledgeable and made me feel totally at ease. My friend who is afraid of needles was with me and she was very happy with how painless and gentle the treatment was. I already have my next IV booked and would definitely recommend it!

I had an treatment with antioxidants and NAD today, and I am absolutely amazed by both the place and the experience. The clinic is beautiful, professional, and welcoming, and Dr. Carlos truly impressed me with his knowledge and expertise. From the first moment, he is a doctor you immediately feel you can trust — he explains everything clearly and you can tell he really knows what he is talking about. I felt completely comfortable and well taken care of throughout the entire treatment.

Super recommended, and I will definitely be coming back very soon. 10/10!

Truly an incredible experience with above and beyond attention to detail from the get go until the end. I would highly recommend this clinic to anyone that is seeking to improve one's quality of life. Very centric to downtown Playa Del Carmen, tailored made packages aligned with one's needs and personal preferences. Give the clinic 10/10

Por recomendación del Doctor, me aplicaron el Energy Core porque me sentía muy cansada, baja de ánimos y no estaba durmiendo bien. Sinceramente en los días posteriores noté un cambio súper positivo: Más energía, enfoque y mi sueño mejoró bastante y eso que solo fue una aplicación, definitivamente volveré !
