Awards

Winner of the Best Presentation – College of Phlebology International Veins Meeting London – UK – for his paper on “Treating Recurrent Varicose Veins in South Asians”

Winner of the Venartis Innovation Award, Zurich, Switzerland for our Abstract - Treating the Untreatable : Innovative Plug and Foam Technique for tortuous varicosities beyond the reach of conventional thermal ablation techniques and stand alone sclerotherapy.

He was also the ISVIR nominated Fellow for the Global Embolization Therapy Summit - New York.

Current Designation

Consultant Interventional Radiologist, Founder of The Vein Center.

The Vein Center, Khar West, and Andheri East in Mumbai, Maharashtra. Visiting Consultant of multiple hospitals in Maharashtra, Bengaluru, and Delhi.

Education

MBBS : Maharashtra University of Health Sciences, Nashik, Maharashtra 2005

MD, Radio-Diagnosis, Bharati Vidyapeeth University Medical College, Pune. June 2011.

Post-Doctoral Fellowship Neuro and Vascular Interventional Radiology, The Tamil Nadu Dr.MGR Medical University Chennai, Trained at the Kovai Medical Centre and Hospital Coimbatore, Tamil Nadu– July 2011.

Advanced Management Programme in Healthcare, Indian School of Business, Mohali and Hyderabad Jan 2017 – Dec 2017

Memberships and Affiliations

- Indian Radiological and Imaging Association.
- European Society of Radiology.
- Indian Society of Vascular and Interventional Radiology.
- Cardiovascular and Interventional Radiology Society of Europe.

Academic

Programme Director " Medtronic - Vein Center Fellowship in Non Thermal Treatment for Superficial Venous Diseases " Nov 2020

No	Title	Conference / Journal	Date
1	Our experience with evaluation of Paediatric Hip joint by Ultrasound.	Indian Society of Paediatric Radiology National Conference	Sept 2010
2	Incidence of Developmental Dysplasia of Hip, an evaluation by the Graf's method of Ultrasound	South Asian Association for Regional Cooperation Conference of Radiology	Aug 2010
3	Neonatal Hip Dysplasia, an evaluation by Graf's method of Ultrasound.	Indian Radiology and Imaging Association National Conference, New Delhi	Jan 2011
4	Radiofrequency Ablation for Varicose Veins with Bipolar System – Single Center Experience	Indian Society of Vascular and Interventional Radiology National Conference	Oct 2011
5	Hardware in treatment of Intracranial Aneurysm	Indian Society of Vascular and Interventional Radiology National Conference	Oct 2011
6	Stent graft in the treatment of carotid cavernous fistula.	Indian Society of Vascular and Interventional Radiology National Conference	Oct 2011
7	Single center experience of Angioseal vascular closure device	Indian Society of Vascular and Interventional Radiology National Conference	Oct 2011

8	Technique of parent artery occlusion in intracranial aneurysm	Indian Society of Vascular and Interventional Radiology National Conference	Oct 2011
9	Stent graft treatment in traumatic aortic rupture	Indian Society of Vascular and Interventional Radiology National Conference	Oct 2011
10	Dyna CT applications in Interventional radiology.	Indian Society of Vascular and Interventional Radiology National Conference	Oct 2011
11	CT angiography guided Bronchial Artery Embolization in Haemoptysis. Does it reduce recurrence rates ?	Cardiovascular and Interventional Radiology Society of Europe Annual Conference, Lisbon, Portugal.	Sept 2012
12	Uterine Artery Embolization in Post Partum Haemorrhage.	Cardiovascular and Interventional Radiology Society of Europe Annual Conference, Lisbon, Portugal.	Sept 2012
13	Treating Recurrent Varicose Veins in South Asians	Winner of the Best Presentation – College of Phlebology International Veins Meeting London – UK	Mar 2018
14	Recurrent Varicose Veins – Solving a Mystery	Cardiovascular and Interventional Radiology Society of Europe Annual Conference, Lisbon, Portugal.	Sept 2018
15	Treating Giant Venous Ulcers – Ecstasy after Agony- A Success Story	Cardiovascular and Interventional Radiology Society of Europe Annual Conference, Barcelona, Spain	Sept 2019
16	Treating the Untreatable : Innovative Plug and Foam Technique for tortuous varicosities beyond the reach of conventional thermal ablation techniques and stand alone sclerotherapy.	Cardiovascular and Interventional Radiology Society of Europe Annual Conference, Barcelona, Spain	Sept 2019
17	Use of Nalbuphine/ propofol based conscious sedation, a safe and effective approach for patients undergoing day care endo-venous laser ablation: A preliminary experience	Cardiovascular and Interventional Radiology Society of Europe Annual Conference, Barcelona, Spain	Sept 2019

18	EVLA (endovenous laser ablation) using nalbuphine / propofol based conscious sedation: pain-free for patients, stress-free for the IR - a South-Asian perspective	European Society of Regional Anaesthesia, Bilbao, Spain	Sept 2019
19	Glue Loves Foam : Innovative Cyanoacrylate + STDS technique for tortuous varicosities originating from truncal veins. - Stronger Together.	Australasian College of Phlebology – Sydney	Aug 2021
20	Dealing with Sclerotherapy Extravasation - Novel method to deactivate STDS and relieve operator stress	Australasian College of Phlebology – Sydney	Aug 2021
21	Sclerotherapy Extravasation - deactivating STDS and relieving operator stress	Global Embolization Symposium Technologies NY, USA	Aug 2021

Dr. Saurabh Joshi is the Principal Consultant at The Vein Center, Mumbai. He has performed the most number of VenaSeal Non Thermal Varicose Veins ablation procedures in Asia. Winner of 3 International Awards. He is also the director of the VenaSeal Ablation Hands on Fellowship course for Fellows at the Vein Center.
