

DENTATACITY DENTAL CLINIC

Who Are We?

As Dentatacity, we have been providing services in the heart of Istanbul,
in Ataşehir, for 7 years.

To date, we have produced not only aesthetic but also functional and permanent
solutions for hundreds of patients with over 3,500 cases.

We accept an average of 600 new cases each year. By prioritizing patient
satisfaction and ethical principles in healthcare, we continue to grow and innovate.

OUR DOCTORS

Dt. Kemal ÖZTÜRK

Dentist Kemal Öztürk specializes in cosmetic and surgical dental treatments. He founded Dentatacity in 2019 and is currently involved in patient examinations, diagnosis, and treatment planning. He has continued his professional development by taking numerous courses on advanced surgical techniques, implantology, and cosmetic dentistry.

Uzman Dt. Halil AKIŞ

Orthodontist Dr. Halil Akış graduated from Ankara University and completed his specialist training in 2017. Akış has been working at Dentatacity since 2019 and has presented papers at various conferences both in Turkey and abroad, as well as publishing numerous academic papers in the field of orthodontics.

Dt. Elif ATALI

Dentist Elif Atal graduated from Marmara University and has been working at Dentatacity since 2019. Focusing on aesthetic and surgical dentistry, Atal has participated in many advanced training courses and specialized in implantology, soft tissue surgery, and joint treatments.

Dt. Feyza ŞİMŞEK

Dentist Feyza Şimşek graduated from Selçuk University and has been working at Dentatacity since 2019. In addition to basic dental treatments, she specializes in cosmetic dentistry, implant surgery, and joint treatments. She keeps her profession up to date with numerous advanced training courses.

Dt. Elçin ULU

Dentist Elçin Ulu graduated from Yeditepe University and has been part of the Dentatacity team since March 2023. Offering a wide range of services from periodontal and endodontic treatments to cosmetic dentistry, Ulu provides her patients with both functional and aesthetic solutions through her multidisciplinary approach and continuous professional development.

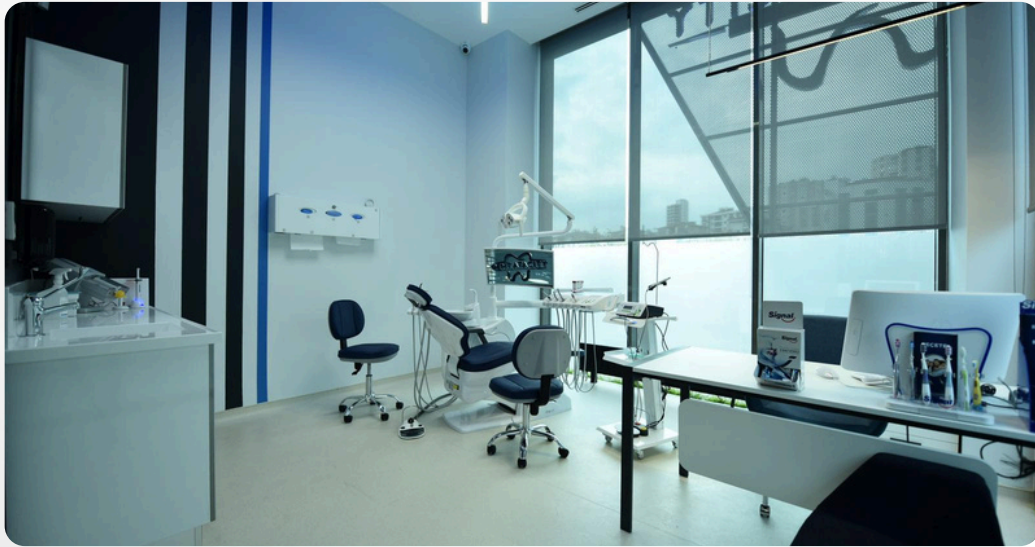

Dt. Şule GÜRHAN

Dentist Şule Gürhan graduated from Marmara University and focuses on preventive dentistry as well as aesthetic and surgical procedures. Since graduating, she has continued to develop her skills through various training courses in areas such as implantology, aesthetic restorations, and soft tissue surgery, pursuing her career with a multidisciplinary approach.

CLINICAL STAFF & SHIFT INFORMATION

Our clinic has five dental units equipped with digital systems. We operate six days a week on a double shift system, performing all procedures in accordance with hygiene protocols and regular sterilization procedures.

OUR OWN LABORATORY

We complete all production and design processes quickly and in a controlled manner thanks to our fully equipped laboratory located in our clinic.

We offer maximum compatibility and aesthetics with CAD/CAM systems, 3D printers, and digital scanners.

LOCATION ADVANTAGES

- Only 25 minutes to Istanbul Sabiha Gökçen Airport,
- 5 minutes walk from our clinic to our partner hotel.
- We provide VIP transfer service to our guests.

OUR PARTNER CLINIC

KENSINGTON DENTAL STUDIO

We work closely with our UK partner Kensington Dental Studio on digital data sharing, follow-up, and final check processes.

OUR INTERNATIONAL CONNECTIONS

With active representatives in 10 different countries, we facilitate the entire process for our patients, from the initial consultation to their appointments in Istanbul.

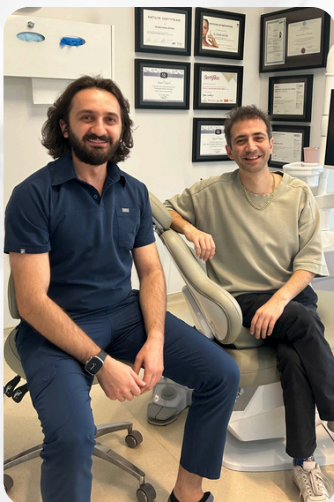

LANGUAGE SUPPORT

We can provide services in more than 10 languages:

English, German, French, Arabic, Russian, Turkish, Persian, Italian, Spanish, Azerbaijani, etc.

PHENOMENA & SOCIAL MEDIA TRUST

Many well-known celebrities, actors, and influencers have chosen our clinic. They have crowned the trust they have earned from their followers with the treatment process they have completed with us.

CLINICAL SUCCESSES & PRODUCT QUALITY

Our success rate for implant procedures is 99.9%. Only 1 in every 1,000 cases required revision.

Brands We Use:

Implants: Nobel, Osstem

Porcelain Blocks: EMAX, Ivoclar, Amann Girrbach

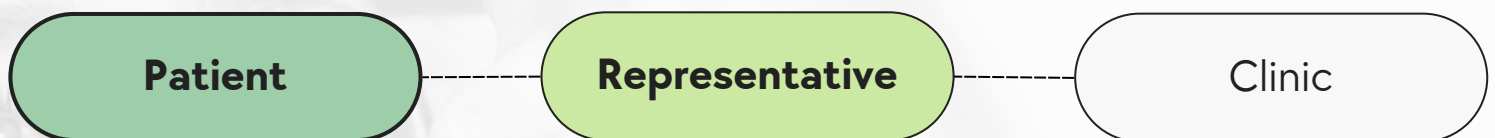

Lab Consumables: Vita, GC, E max, Ivoclar, Amanngirrbach

INTRODUCTION TO THE REPRESENTATIVE SYSTEM

Those who join the Dentatacity family as representatives not only raise awareness of oral and dental health in their own countries, but also become part of a prestigious organization.

We provide training in consulting, guidance, and patient management.
