

TRUE SMILE DENTAL CLINIC

Partner Institution: Nha Khoa True Smile – Ho Chi Minh City, Vietnam

Core Medical Philosophy: "Honest Dentistry, Honest Doctors" (Nha khoa chân thật - Bác sĩ chân thật)

Clinical Location: 18A Nguyen Gia Tri, Ward 25, Binh Thanh District, Ho Chi Minh City

1. Executive Summary & Medical Philosophy

Nha Khoa True Smile is a premier high-tech dental medical center located in the Binh Thanh District of Ho Chi Minh City, specializing in advanced oral restorative surgery, maxillofacial implantology, and micro-aesthetic smile makeovers. Operating under the firm commitment to absolute diagnostic transparency, the clinic delivers Western-standard oral care tailored specifically to international patient parameters.

Unlike standard multi-purpose clinics, True Smile operates on a strict Specialized Treatment Track Model. Clinicians are separated into dedicated discipline tracks, ensuring that high-complexity surgeries (such as multi-stage implant rehabilitations or microscopic endodontic procedures) are exclusively performed by board-certified specialists focusing solely on that single branch of dentistry. This workflow limits cross-disciplinary error, drastically minimizes recovery intervals, and guarantees clear clinical pathways for overseas patients.

2. Expert Medical Team & Qualifications

Our lead dental specialists possess extensive global post-graduate training, foreign clinical credentials, and active memberships in elite international medical societies, ensuring full alignment with international health regulations.

Dr. Nguyen Minh Hoang – Chief of Oral Implantology & Restorative Surgery

- **Qualifications:** Doctor of Dental Surgery (DDS); Master of Oral Implantology from the **gIDE Institute / Loma Linda University (USA)**.
- **Professional Affiliations:** Active Fellow of the **International Team for Implantology (ITI)**.
- **Clinical Experience:** Over 12 years of specialized surgical performance with more than **3,500 successful implant placements**. Expertise spans advanced autogenous bone grafting, open/closed sinus lifts, and immediate-load full-arch restorations (All-on-4 and All-on-6 configurations).

Dr. Le Hoang Phuong Thao – Director of Orthodontics & Dentofacial Orthopedics

- **Qualifications:** Doctor of Dental Surgery (DDS); Post-Graduate Specialized Degree in Orthodontics from the **University of Bordeaux (France)**.
- **Professional Affiliations:** Active Member of the **World Federation of Orthodontists (WFO)**.
- **Clinical Experience:** 10+ years managing complex adult structural malocclusions, digital neuromuscular tracking, and specialized skeletal alignment. Formally recognized as a **Certified Invisalign® Diamond Provider**.

Dr. Tran Phuoc Long – Lead Micro-Aesthetic Dentist

- **Qualifications:** Doctor of Dental Surgery (DDS); Advanced Graduate Certificate in Aesthetic Restorative Dentistry from **Mahidol University (Thailand)**.
- **Clinical Specialization:** 8+ years focused exclusively on minimally invasive, ultra-thin ceramic veneer systems and biometric crowns. Dr. Long utilizes advanced **Digital Smile Design (DSD)** simulation software to model, test, and preview facial-aesthetic harmony before clinical execution.

3. International Patient Experience & Logistics

True Smile maintains an established, dedicated operational track welcoming medical tourists from **Australia, New Zealand, North America, and Europe**. The clinic has systematically optimized its workflows to address the structural constraints of cross-border healthcare:

- **Accelerated Digital Processing:** Incorporating on-site high-definition intraoral digital scanners and advanced CAD/CAM lab milling machinery allows True Smile to accelerate the precise fabrication of surgical guides, porcelain crowns, and veneers by up to 40%, comfortably fitting complete treatments into compressed travel windows.
- **Fluent Medical Coordination:** All operating surgeons, dedicated patient case managers, and administrative coordinators speak fluent English, ensuring complete transparency across clinical records, diagnostic files, and informed consent pathways.
- **Global Legal & Insurance Compliance:** Patients receive fully itemized medical dossiers in English, containing pre-and-post operative 3D CBCT scans, treatment breakdowns, and formal documentation required for international health insurance or tax reimbursement claims. Every structural restoration is paired with an official **Manufacturer Serial Tracking ID Card** ensuring global warranty continuity.

4. The 3-Phase Cross-Border Care Coordination Process

To ensure flawless execution and medical continuity for patients arriving via medical tourism agencies, True Smile enforces a strict three-tier patient management pipeline:

Phase 1: Pre-Arrival Tele-Diagnostic Strategy

The patient or referring medical coordinator securely transmits existing panoramic radiographs or 3D CBCT scans. True Smile's specialist board evaluates the data to form a digital diagnostic summary. A remote video consultation is conducted to align expectations, provide a fixed financial quote, and detail the exact number of local clinical days needed before the patient books air travel.

Phase 2: On-Site Accelerated Clinical Execution

- **Day 1:** Clinical intake, immediate high-resolution 3D diagnostic scan verification, physical mock-up try-in, and final treatment plan execution approval.
- **Day 2–3:** Surgical phase (implant placement, extractions, or micro-conservative tooth preparation) utilizing advanced computer-guided local anesthesia delivery systems for minimal post-operative swelling.
- **Day 4–6:** Insertion of high-grade temporary bio-compatible prosthetics, clinical soft-tissue healing evaluation, and continuous CAD/CAM fabrication of permanent restorations.
- **Day 7:** The temporary fixed teeth are fitted.
- **Day 8 or 9:** A final check-up is completed before the patient returns home.

The temporary teeth are worn while the implants heal. Permanent teeth are not fitted during this first visit.

Second Visit: Approximately 9 Days, After 3–6 Months of Healing

Day 1: Impressions are taken for the permanent zirconia teeth.

Day 6: The permanent teeth are tried in.

Days 8–9: Final bite adjustments are made, and the permanent fixed teeth are fitted.

The treatment plan and timing may vary depending on the patient’s examination and clinical needs.

Phase 3: Post-Operative Remote Continuity

Upon returning home, patients are provided structured medical recovery packs alongside automated digital check-ins facilitated at Week 2, Month 1, and Month 6. If long-term local adjustments are required, structural components remain globally backed by our comprehensive international manufacturer component warranties.

5. Official International Pricing & Warranty Matrices

The following fees correspond directly to the official clinic price sheets. All figures are permanently fixed and listed in **Australian Dollars (AUD)** and **New Zealand Dollars (NZD)**.

5.1 Single Implant Units (Includes Implant Fixture, Abutment & Final Porcelain Tooth)

Dentium (Korea) Package

Prosthetics: Porcelain teeth | Manufacturer Structural Warranty: 5 Years 1,199 AUD / 1,380 NZD

Hiossen (USA) Package

Prosthetics: Porcelain teeth | Manufacturer Structural Warranty: 10 Years 1,299 AUD / 1,490 NZD

Prosthetics: Porcelain teeth | Manufacturer Structural Warranty: 20 Years 1,799 AUD / 2,070 NZD

Straumann (Switzerland) Package

Prosthetics: Porcelain teeth | Manufacturer Structural Warranty: Full Lifetime 2,199 AUD / 2,530 NZD

Straumann SLA Active (Switzerland) Luxury Package

2,399 AUD / 2,760 NZD

Prosthetics: Porcelain teeth | Premium osseointegration surface | Manufacturer Structural Warranty: Full Lifetime

5.2 Full-Arch Rehabilitation Packages (All-on-4 / All-on-6 Total Arch Restoration)

Basic Package (Dentium Korea Fixtures)

- Configured with Acrylic Teeth (1-Year Warranty): **6,299 AUD / 7,399 NZD** [All-on-4] | **8,399 AUD / 9,699 NZD** [All-on-6]
- Configured with Full Porcelain Teeth (5-Year Warranty): **10,399 AUD / 11,999 NZD** [All-on-4] | **12,399 AUD / 14,299 NZD** [All-on-6]

Total Base Structural Package Warranty: 5 Years

Standard Package (Hiossen USA Fixtures)

- Configured with Acrylic Teeth (1-Year Warranty): **7,500 AUD / 8,630 NZD** [All-on-4] | **9,500 AUD / 10,930 NZD** [All-on-6]
- Configured with Full Porcelain Teeth (5-Year Warranty): **11,500 AUD / 13,299 NZD** [All-on-4] | **13,500 AUD / 15,599 NZD** [All-on-6]

Total Base Structural Package Warranty: 10 Years

Premium Package (Neodent Switzerland Fixtures)

- Configured with Composite Resin Teeth (1-Year Warranty): **9,300 AUD / 10,699 NZD** [All-on-4] | **11,800 AUD / 13,570 NZD** [All-on-6]
- Configured with Premium Porcelain Teeth (5-Year Warranty): **13,500 AUD / 15,530 NZD** [All-on-4] | **15,800 AUD / 18,170 NZD** [All-on-6]

Total Base Structural Package Warranty: 15 Years

Elite Package (Nobel Biocare USA Fixtures)

- Configured with Composite Resin Teeth (1-Year Warranty): **12,000 AUD / 13,800 NZD** [All-on-4] | **15,500 AUD / 17,830 NZD** [All-on-6]
- Configured with Premium Porcelain Teeth (5-Year Warranty): **16,000 AUD / 18,400 NZD** [All-on-4] | **19,500 AUD / 22,430 NZD** [All-on-6]

Total Base Structural Package Warranty: 20 Years

Luxury Package (Straumann Switzerland Fixtures)

- Configured with Composite Resin Teeth (1-Year Warranty): **13,500 AUD / 15,530 NZD** [All-on-4] | **17,800 AUD / 20,470 NZD** [All-on-6]
- Configured with Masterpiece Porcelain Teeth (10-Year Warranty): **17,500 AUD / 20,130 NZD** [All-on-4] | **21,800 AUD / 25,070 NZD** [All-on-6]

Total Base Structural Package Warranty: Full Lifetime

Luxury SLA Active Package (Straumann SLA Fixtures)

- Configured with Composite Resin Teeth (1-Year Warranty): **14,500 AUD / 16,699 NZD** [All-on-4] | **19,500 AUD / 22,430 NZD** [All-on-6]
- Configured with Masterpiece Porcelain Teeth (10-Year Warranty): **18,500 AUD / 21,299 NZD** [All-on-4] | **23,500 AUD / 27,030 NZD** [All-on-6]

Total Base Structural Package Warranty: Full Lifetime

5.3 Adjunctive Oral Surgery & Bone Preparation Fees

Closed Sinus Lift (Internal Sinus Elevation) Per quadrant fee for localized vertical maxillary bone enhancement	500 AUD / 580 NZD
Open Sinus Lift (Lateral Window Technique) Required for structural bone loss in the posterior upper jaw region	1,000 AUD / 1,160 NZD
Bone Grafting / Guided Tissue Regeneration Utilizing premium biocompatible organic bone matrices per site	1,000 AUD / 1,160 NZD

5.4 Advanced Cosmetic Porcelain Crowns (Per Unit Rate)

Zirconia Crown (Germany) High mechanical strength Clinic Structural Warranty: 10 Years	298 AUD / 340 NZD
Venus Ceramic Crown (Germany) Natural optical opacity Clinic Structural Warranty: 10 Years	400 AUD / 460 NZD
Emax Press Crown (Germany) Elite structural translucent match Clinic Structural Warranty: 10 Years	489 AUD / 560 NZD
Ceramill Crown (Germany) Ultra-precise CAD/CAM stability Clinic Structural Warranty: 10 Years	600 AUD / 690 NZD
HT Smile Crown (Germany) Premium structural biocompatibility Clinic Structural Warranty: 15 Years	750 AUD / 860 NZD
Nacera Multi-Layer Crown (Germany) Advanced polychromatic gradient shading Clinic Structural Warranty: 15 Years	850 AUD / 980 NZD
Lava Plus Crown (3M USA) Industry-leading fracture resistance Clinic Structural Warranty: 19 Years	850 AUD / 980 NZD
Orodent Gold/Bleach Crown (Italy) Zirconia infused with elite aesthetic luster Clinic Structural Warranty: 19 Years	900 AUD / 1,040 NZD

5.5 Micro-Layered Porcelain Veneers (Per Unit Rate)

IPS Emax Veneer (Germany) Ultra-thin conservative preparation Clinic Structural Warranty: 10 Years	489 AUD / 560 NZD
HT Smile Luxury Veneer (Germany) High enamel reflectivity matching Clinic Structural Warranty: 15 Years	689 AUD / 744 NZD
LiSi Press Veneer (GC USA) Elite micro-structural strength veneer Clinic Structural Warranty: 15 Years	889 AUD / 960 NZD
